‘Innovate 2014’, a project competition related to all engineering streams was held in Velammal Institute of Technology on 7th February 2014 with all elegance and innovations. The competition was declared open by Shri. Thirunavukarasu, Senior Manager, Wipro Technologies in a conventional manner along with all invitees and dignitaries.

Around 150 projects were displayed in the competition by Velammal Institute of Technology students from various disciplines of engineering with utmost care and overwhelming enthusiasm. Shri. Mr. Arvind Padmanabhan, Senior Program Manager, Mr. Rathish Sathyamoorthy, Manager, Mr. P. Thirunavukarasu, Senior Manager, Mr. S. Ramachandran, Head- Project campus, Dr. Sricharan, Manager all from Wipro Technologies were the judges for the event. They analyzed all the projects thoroughly and selected the winners on the basis of novelty, innovation, creativity and research content of commercialization of the projects. Shri. Viswanathan Venkata Subramanian, Head-Campus recruitments has invoked the budding researchers and students to imbibe the current trends in software and research and ignited them through his valuable speech highlighting the need of innovation and distributed prizes to the winners in the competition to enrich the future endeavors of the students’ career. Many students admitted that the competition was so useful for their studies and to promote their research wing.

The programme was successfully arranged by Velammal Institute of Technology under the aegis of Director, Mr. M.V.M. Sasikumar, Executive Director Mr. M.V.M. Veeravel Murugan, Advisor Prof. K. Razak, Principal Dr. T. Chandrashekar, Vice-Principal Dr. S. Soundararajan, HoDs of various departments and the staff members in an excellent manner.
