

Department of Physics - About "QUANTA CLUB"

The Department of Physics has started a "Quanta Club" in June 2015 with an intention to strengthen the student's knowledge on the concepts of Science, especially physics through activity based learning and to upbring their intellectual talent and make them successful by realising their potential.

The general routine of the club is to conduct a weekly meeting to make the students aware of their responsibilities and other necessary agenda, Organizing atleast two events per semester to bring out their hidden talents of the students, giving opportunity for maximum number of students with transparency in the conduction of the events and honouring the winners with certificates and prizes.

The various events planned under the clubs are Quiz competition on current affairs, science and technology, Paper presentation on "Recent advances in science" through power point presentation , invited talk on special topics, Live experiences of physics concepts and Working model Expo etc.,

The following students were selected as the office bearers for the Quanta Club during the academic year 2015-2016.

President	:	Mr. M. Vimal	II/MECH A
Vice President	:	Mr.B.Vignesh	II/ECE A
Secretary	:	Ms. R. Abisha	II/ECE B
Joint Secretary	:	Ms. B. S. Ahalya Krishnan	II/ECE B
