Mrs. M. Suchithra
Mr. D.L.K. Vijai Bharrath

From HOD's Desk

Welcome to the Department of Information Technology (IT)!

I'm much delighted to pen this message for the issue of IT newsletter. I would like to thank my faculty team for their commitment and hard work. Our mission includes a commitment to prepare students for professional and research activities with an ability to learn independently, work within a diverse multi-cultural environment to pursue a spectrum of careers, enabling them to become global leaders in their respective fields. The Association of Computing Machinery (ACM) student chapter is most active student group in the institute. The ACM chapter organizes seminars, paper presentation, coding competition etc. in trends of training juniors by seniors.

To the alumni, we are constantly anxious to hear from you on how we can further improve our program. I wish you all the students and faculty long-lived, successful career path.

With Best Wishes
M. Suchithra,
Head, Dept of IT

About the Institution

Velammal Institute of Technology, brain child of our Honorable Chairman bloomed on 14th August 2008 intended to provide the world class technical education to conquer tomorrow's technology at global level with human values, so as to make our student community succeed in life.

The institution has developed the state of art infrastructure within the short span of time with dedicated and determined staff members

Velammal Institute of Technology is committed to be a leader in innovative work force development and a world class learning venue for the ever changing needs of Business and Industry. In line with our mission, we accelerate technology transfer to industry and develop innovations in applications of emerging technologies through high quality technical education and work force training

About the Department

The Information Technology department was established, during the Academic Year 2008 with an Intake of 60 students. The department is equipped with faculties who strive hard to propagate their knowledge to their students. They keep them updated with the latest trends of IT by making themselves a part of various workshops, seminar and presentations.

Dept. of IT has committed to offer worthwhile curricula and employable potential to all graduates. Apart from regular academics, we impart opportunity to learn value added courses such as Oracle-DBA, Datawarehouse, Multimedia, and Advanced Java Programming Languages.

The department has elegant infrastructure with spacious class rooms, seminar halls and technically upgraded laboratory with a total no. of 130 systems and 2 servers with good configuration. The lab is facilitated with internet and internet connections.

Vision & Mission

The vision & Mission of Velammal Institute of Technology is:

Institution Vision

Velammal Institute of Technology is committed to being a leader in innovative work force development and a world class learning venue for the ever changing needs of business and Industry.

Institution Mission

Accelerate Technology transfer to Industry and develop innovations in applications or emerging technology through high quality technical education and work force training.

Vision & Mission

The Vision & Mission of the Department is:

Vision of the Department

To evolve as a center of excellence for providing training in Information Technology education with latest skills supplemented with Practical Orientation to face challenges of Modern Computing Industry.

Mission of the Department

- Equip Students through the combination of theory, practice and real-world experience with emphasis on application of Information Technology.
- Empower Faculty with the knowledge in the emerging areas of IT.
- Promote sustained research to build information systems for the benefit of society.

PROGRAM EDUCATIONAL OBJECTIVES

PEO I. To groom the graduates as life-long learners and apply their computing knowledge for the betterment of the society in the sustainable environment.

PEO II. To produce graduates with applied analytical, analogical, critical thinking & problem solving skills to succeed in their career paths amid agile situation by understanding the principles of professional ethics

PEO III. To enable graduates attain a professional position in the IT field with the excellence in providing solutions using modern strategy to meet the business objectives and / or productively engage in research.
