OUR DEPARTMENT OF IT

ABOUT THE DEPARTMENT

The Information Technology department was established, during the academic year 2008 with an intake of 60 students. The department is equipped with faculties who strive hard to propagate their knowledge to their students. Periodic guest lectures, hands on training programs, seminars and workshops are conducted for the students to supplement their curriculum, sponsored by our college. This facilitates our students to update their knowledge on par with the industry standards. Dept. of IT has committed to offer worthwhile curricula and employable potential to all graduates. Apart from regular academics, we impart opportunity to learn value added courses such as Oracle-DBA, Data warehouse, Multimedia, Advanced Java Programming Languages, Mobile Application Development. The department has elegant infrastructure with spacious class rooms, seminar halls and technically upgraded laboratory with a total no. of 130 systems and 2 servers with good configuration. The lab is facilitated with internet and internet connections. Insignia is the annual national level student's technical symposium, organized by the department. The highlight of the event is its massive ability to reach maximum number of participants, providing a stage for aspiring minds to establish their talents and showcase it to the right audience. Each year, many of our students are placed in reputed organizations like Zoho, Avenet, CTS, TCS, Infosys L&T Infotech, CSC, UST Global, and Wipro. Our Staff produced 100% result in many subjects. External resource persons are being invited from various universities & Industries. The department has successfully organized DST sponsored INSPIRE programme and big data analytics workshop. Our students participated & won in various academic and sports competitions in State & national level.
