Velammal Institute of Technology, Ponneri**

News Letter

Vision of the Institute

To be a leader in imparting quality technical education, research and enterprising skills in pursuit of professional excellence

Mission of the Institute

- To promote quality education & technical skills to meet the industry requirements
- To incorporate team work, leadership skills & lifelong learning
- To facilitate career development & higher education assistance
- To encourage innovative ideas for research & development and entrepreneurship for societal needs
- To inculcate ethical responsibility & human values

Vision of the Department

To achieve academic excellence in the field of Electronics and Communication Engineering and to produce meritorious engineers with human values by imparting high quality technical education

Mission of the Department

- To create efficient Electronics and Communication Engineers to meet the current and future demands of industry and society with ethical values
- To instill the quality of leadership and entrepreneurship in students
- To elevate the spirit of innovation and creativity among students towards research and development

Program Educational Objectives (PEOs)

PEO-I: Futuristic Learning:

Graduates will attain excellence in the field of Electronics and Communication Engineering through lifelong learning process by imbibing the new technologies.

PEO-II: Career Development:

Graduates will become successful engineers or researchers or entrepreneurs with social responsibilities.

PEO-III: Professionalism:

Graduates will excel as estimable engineers with ethics, effective communication and leadership skills.

Message From HoD Desk

The entire country stood standstill besides essential services due to lockdown, but education sector articulated its approach swiftly, and was the pioneer in continuing its services and outreach among students/parents and all its stakeholders. It deemed responsibility of the education sector to keep the youth engaged and utilize the time not only for quality education but for self-development.

It gives me great pleasure to congratulate students, teachers and staff of Electronics and Communication Engineering department for the publication of 2020 Year newsletter. Newsletter is believed to be a focus of the inside activities i.e. academics, students and faculty achievement as well as innovation occurring in the department.

In the era of engineering and technology this newsletter will motivate the teachers and students of sharing their creativity and new ideas with the world and will help in their overall development. This special edition of newsletter showcases contribution of faculties and best practices adopted by the Department of Electronics and Communication Engineering department during tough times of COVID-19 lockdown.

I wish best of luck for all the team members for publication of newsletter

International Conference

ICRACE 20

Date: 6th - 7th March, 2020

ICRACE' 20 – International Conference on Research Advancements & Challenges in Engineering Sciences was conducted on 6th & 7th March 2020
Nearly 250 papers from all over Tamil Nadu and Andhra Pradesh and also from countries like UAE and Saudi Arabia were presented in the conference.

Student Achievements

- Final Year Project Internship @ ISRO

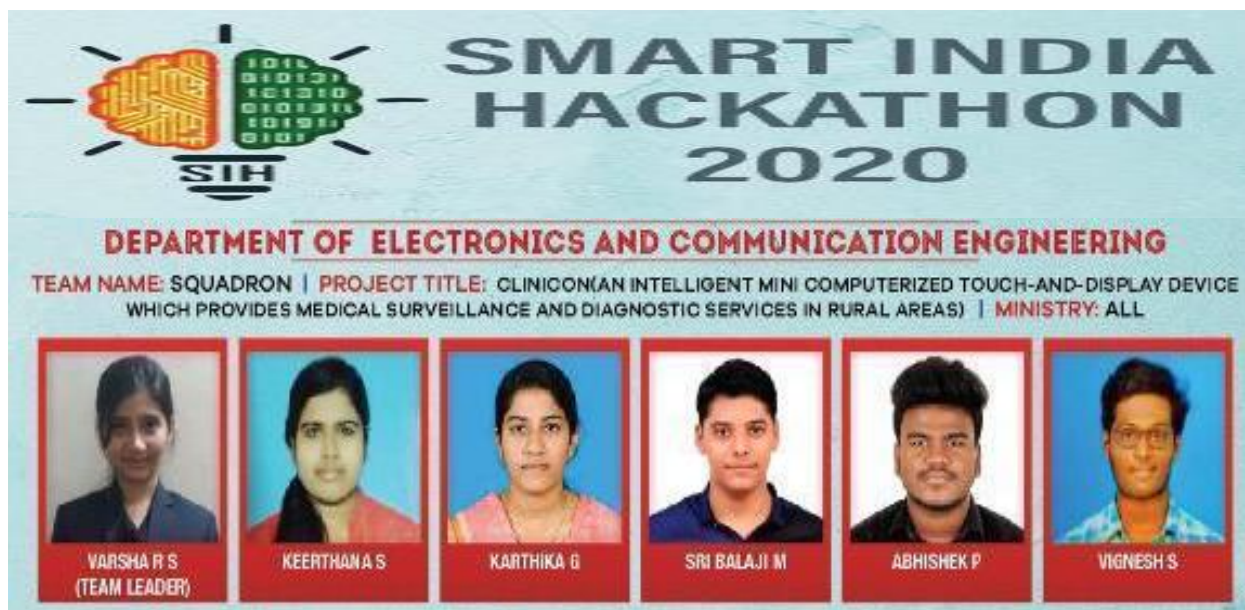

We are immensely proud in sharing that our students R.Juliet, T.Veronica Prasad and P.Swetha have got their acceptance to do their Final year projects from the esteemed Indian Space Research Organization

- Internship Offer @ National Instruments

National Instruments (NI) has been equipping engineers and scientists with cutting edge technologies and it is every engineer's dream to get recruited by them. The Department of Electronics and Communication Engineering takes pride in sharing that our final year students Akash K, S Srinidhi and Binita Paul has got intern offers from National Instruments through NI LabVIEW course jointly conducted by ECE faculty and NI industrial experts.
