"One Must Find Meaning in One's Daily Work"

Message from HOD

The Department of ECE has recorded consistent improvement in its academic and placement performance. Our placement records has always being very impressive, with the large number of students being placed year after year in highly reputed core companies and public sector units. Our alumni hold senior positions in industries. I subscribe to the belief that "one must find meaning in one's daily work". The best work happens when you know that it is not just a work, but something that will improve other people's lives. I thank all the students and staff members for their continuous effort and support for bringing this edition "Propagations May 2018".

Best Wishes to all our students for exams.
