MINUTES OF MEETING

Minutes from the Anti-Ragging Committee meeting convened on February 10, 2024, at 11:00 a.m in the Principal's Chamber.

DISCUSSIONS:

1. A thorough and proactive approach has been taken to address the issue of ragging on campus.
2. By educating students about the consequences of ragging and ensuring faculty members are also informed about relevant regulations and penalties, you're setting clear expectations and deterrents.
3. Reconstituting the Anti-Ragging Committee shows a commitment to effective oversight and management of the issue.
4. The fact that no incidents of ragging were reported by students, faculty, or the Anti-Ragging Squad indicates that these efforts may be yielding positive results.
5. A ragging-free campus is undoubtedly a safer and more conducive environment for learning and personal growth.
6. Concluding the meeting with a vote of thanks and approving the minutes demonstrates professionalism and respect for all members' contributions.
7. Overall, it sounds like progress is being made towards creating a campus culture that prioritizes respect and safety for all students.
8. The committee approved the minutes of the meeting.

ACTION TAKEN REPORT

Anti Ragging Committee-Academic Year 2023-2024

INTRODUCTION: The Anti-Ragging Committee members gathered at Velammal Institute of Technology Principal's office on February 10th, 202 at 11:00 A.M., with the goal of preserving a campus free from ragging incidents.

Result of meeting: The institute, established in the academic year 2009-2010 in accordance with the approval letter issued by AICTE and the State Government of Tamil Nadu, affiliated with Anna University, has maintained a vigilant stance against ragging incidents, especially as it enters its tenth year. Through strict monitoring and active engagement of all members, there have been no reported cases of ragging. It is unanimously agreed upon that continued vigilance is imperative. Regular interaction with council members and student representatives is emphasized to deter any form of bullying or ragging. The management has ensured transparency by installing CCTV surveillance covering most areas, providing valuable monitoring. Additionally, helpline numbers have been prominently displayed across campus on posters for immediate assistance.

Conclusion: Finally, everyone present agreed that even though there is no ragging on our campus, constant watchfulness is necessary given the frequency of ragging in many other academic settings. We need to be on the lookout for instances of cyber ragging even in virtual environments. Encouraging students to report any such instances as soon as possible is crucial.

Recommendations: In light of the aforementioned, we recommend that ongoing attention be paid to ensuring that our campus remains free of ragging since its inception.
