About college

Velammal Institute of Technology is the brainchild of our Founder Chairman Shri.M.V.Muthuramalingam, a Pioneer in the field of Education. The Institution reflects the ideals of its founder and seeks to achieve excellence. It was established in the year 2008 by Velammal Educational Trust. The Institution is approved by the AICTE, New Delhi, and affiliated to Anna University, Chennai. The Institution offers seven undergraduate courses in Engineering & Technology and has state-of-the-art laboratories, a well-stocked library, and the best computing facilities. The Institution offers programmes in Engineering and Technology leading to Undergraduate Degrees in the disciplines of Computer Science and Engineering, Electronics and Communication Engineering, Electrical and Electronics Engineering, Information Technology, Mechanical Engineering, Artificial Intelligence, and Data Science and Mechatronics Engineering. It is also accredited by the National Accreditation and Assessment Council (NAAC), and Five undergraduate Programmes are accredited by the National Board of Accreditation (NBA). Velammal Institute of Technology has competent, motivated, dedicated & experienced faculty members who are determined & distinctive in teaching and research. We strive for academic excellence through personalized attention and proper guidance & counseling. The mentoring system adds effectiveness to the holistic development of the students. It has been serving for a decade and has acclaimed merits both in co-curricular and extracurricular activities. The Institution is consistently ranked under Top 10 Engineering Colleges in academics among Anna University affiliated colleges. Nurturing of young talents has been done through various events like innovative project competitions, seminars/symposiums, and workshops. The caliber of students was streamlined & framed by preparing them and through the Value Added Courses, NPTEL courses, MOOC courses, BEC Program, and Soft Skills. To encourage our students to excel in academics & to secure university ranks, the management has introduced the "Founder Chairman Merit Scholarship." The catchphrase of Velammal is Dedication, Determination, and Distinction.

ALUMNI SPEAKS

SANJAY S CSE
Navis - Associate
Technical Writer

Being an alumni of computer science and Engineering department is just the icing on the cake, as it has the qualified, dedicated and student friendly lecturers, who are always ready to extend their helping hands. With their vast experiences, intellect and knowledge in the industry, the professors were able to provide a practical perspective of the material. Studying here brought an added value to my life. It gave me an opportunity to meet different kind of people and learn a vast number of things. I have received a great support and training in the form of soft-skills, personal values and technical development from the faculties. I am thankful to Training & Placement cell for providing a platform to enhance my skills and an opportunity to showcase them. They guided and encouraged me at each step there, by helping me secure my placement at such a reputed company, by offering a well-established training program.

ViTech provided me with an exceptional learning environment. The state-of-the-art facilities, experienced faculty, and diverse student community fostered an atmosphere of growth. College provided an ample opportunities for personal and professional development through workshops, seminars, and hands-on projects, I honed my skills, becoming well-prepared for the industry. As the Training and Placement cell guided us through every step - from resume building to mock interviews, and even provided access to lucrative career fairs. Their unwavering support made all the difference. And then, my hard work paid off in securing 4 offers in TATA Elxsi, Mind Tree, Tech Mahindra and CTS.

The college aims at enhancing our knowledge, skills and abilities. It, in fact, didn't leave the attitude part behind as well. These years at ViTech are the best years concerning learning, experience and gaining exposure to fields relevant to my discipline, all due to my faculty member. At last, thanks to the college and Training & Placement Department for their continuous efforts in getting me placed in top IT Company. This endeavor will lead our college to incredible heights

ALUMNI SPEAKS

The college Management, staff and faculty deserve the highest praise for their unwavering support and encouragement throughout my academic journey. From day one, they provided the guidance I needed to bridge the gap between my background and the world of computer science. They offered countless hours of mentorship, clarifying doubts, and nurturing my curiosity, which was instrumental in building a strong foundation in this field. The dedicated placement Officer and team at our college played a pivotal role in helping me secure not one, but two significant job offers. institution would shape my journey and provide me with the tools, knowledge, and opportunities to excel in the corporate world.

It is well said that you value things when u don't have them this is very much true in my case as well. When we were in college we always use to think that why there is so much of discipline but once I enter corporate I realized that it was for our benefit only. And one thing more I would like to thanks my faculty members who helped us in every way to make our basics very clear which gave me edge over other graduates. At the end of day it all depends on how well you perform in your organization and how keen you are in learning new things that too with right attitude.

Just after completing schooling started playing with circuits as I was the student of Electronics & Communication branch. Really my faculties helped me too find the inner me and removing my double thoughts regarding future. And now I really want to thank each and every teacher of mine who made me better person and making me realize our future should be the way we imagined in our dreams. The Training and Placement officers helped us to to get trained well and placed in top notch companies. I got placed in TCS, CTS and Tech Mahindra.
