

**DEPARTMENT OF COMPUTER SCIENCE AND
ENGINEERING**

2024-2025 (ODD SEMESTER)

**DEPARTMENT OF COMPUTER SCIENCE AND
ENGINEERING**

2024-2025 (ODD SEMESTER)

With the immense gratitude and admiration for the Department of Computer Science's outstanding contributions over the past year. As a college advisor, I have had the privilege of witnessing firsthand the department's unwavering dedication to fostering academic excellence and professional growth among our students.

Throughout the year, the Department of Computer Science has organized numerous technical events, each meticulously designed to provide students with practical insights and hands-on experience in their field of study. From coding competitions to "Hackathons" and workshops, these events have not only enriched our students' academic journey but have also nurtured their passion for computer science and technology.

Moreover, I am deeply impressed by the department's relentless efforts towards placements. Through career fairs, networking events, and industry partnerships, the department has played a pivotal role in connecting students with promising career opportunities in the tech industry. Your commitment to ensuring the employability of our students is truly commendable and reflects the department's unwavering dedication to their success.

As a college advisor, I am keenly aware of the impact that the Department of Computer Science has had on our students' lives. Your dedication, passion, and tireless efforts have not gone unnoticed, and I am immensely grateful for all that you do. Your commitment to academic excellence and student success is an inspiration to us all.

In closing, I would like to extend my heartfelt appreciation to the entire Department of Computer Science for their outstanding contributions and dedication to our students' academic and professional growth. Your hard work and commitment have made a significant difference in the lives of our students, and for that, we are truly grateful.

Mr.K.Razak
Adisor

With profound appreciation and admiration for the Department of Computer Science's outstanding contributions to our academic community. As a college advisor, I have had the privilege of witnessing the department's unwavering dedication to nurturing student growth and success.

Throughout the academic year, the Department of Computer Science has orchestrated a myriad of technical events, each carefully crafted to provide students with invaluable hands-on experience and practical insights into the dynamic field of computer science. From coding competitions to "Hackathons" and workshops, these events have not only enriched our students' academic journey but have also fueled their passion for innovation and technology.

Furthermore, I am deeply impressed by the department's steadfast commitment towards placements. Through career fairs, networking events, and industry collaborations, the department has gone above and beyond to connect students with promising career opportunities in the ever-evolving tech industry. Your dedication to ensuring the employability and professional success of our students is truly commendable and serves as a beacon of inspiration for us all.

As a college advisor, I am acutely aware of the profound impact that the Department of Computer Science has on our students' lives. Your tireless efforts, unwavering dedication, and boundless enthusiasm have not only shaped the academic landscape of our institution but have also transformed the lives of countless students.

In closing, I wish to extend my heartfelt appreciation to the entire Department of Computer Science for their exemplary contributions and unwavering commitment to our students' academic and professional development. Your dedication and passion are truly unparalleled, and I am immensely grateful for the invaluable role you play in shaping the future leaders of tomorrow.

Mr.M.Vaasu
Adisor

I am delighted to take this opportunity to express my sincere appreciation to the Department of Computer Science for their outstanding contributions and tireless efforts in enriching our academic environment. As we reflect on the past academic year, it is evident that the Department of Computer Science has consistently demonstrated excellence in various facets of education, research, and professional development.

One of the highlights of the department's initiatives is the Kani Tamil Peravai, a platform that celebrates the richness of our cultural heritage while fostering linguistic proficiency among our students. The efforts put forth by the department in organizing this event have not only promoted cultural awareness but also provided a unique learning experience for our students.

Moreover, the department's dedication to enhancing the employability of our students is truly commendable. Through initiatives such as Mock Interviews and Technical Discussions, tailored specifically for our IV Year Value Added Course, students have been equipped with the necessary skills and confidence to excel in their professional endeavors. Covering a wide range of topics including C, C++, Java, Python, SQL, Data Structures, and more, these events have been instrumental in bridging the gap between academia and industry.

Additionally, the department's commitment to fostering a culture of research and innovation is evident through the Research Talks organized for our students. By providing a platform for scholarly discussions and knowledge sharing, the department has inspired our students to explore new horizons and pursue excellence in their chosen fields.

I am particularly impressed by the collaborative spirit and dedication exhibited by the faculty and staff of the Department of Computer Science. Their unwavering commitment to student success, coupled with their passion for teaching and research, has been a driving force behind the department's achievements.

As we look ahead to the future, I have no doubt that the Department of Computer Science will continue to uphold its tradition of excellence and innovation. On behalf of the entire college community, I extend my heartfelt gratitude to the department for their invaluable contributions and dedication to academic excellence.

Dr.N.Balaji
Principal

As we reflect on the past year, I am filled with immense pride and gratitude for the remarkable accomplishments of the Department of Computer Science. It has been a year marked by innovation, collaboration, and unwavering dedication to excellence, and I am honored to celebrate the myriad achievements of our departmental community.

Throughout the year, the Department of Computer Science has been at the forefront of fostering academic excellence and professional growth among our students. Our commitment to providing a holistic learning experience is evident in the multitude of events and initiatives organized by the department.

One of the cornerstones of our department's initiatives is the relentless focus on industry relevance and employability. We have conducted numerous Mock Interviews and Technical Discussions tailored specifically for our IV Year students, focusing on essential topics such as SQL, Data Structures, and more. These initiatives have not only equipped our students with the practical skills and knowledge required to excel in their careers but have also provided them with invaluable insights into the industry landscape.

Furthermore, the department's dedication to fostering a culture of research and innovation has been truly inspiring. Our Research Talks have provided a platform for students to showcase their scholarly work, exchange ideas, and collaborate on cutting-edge research projects. This emphasis on research not only enriches the academic experience of our students but also contributes to the advancement of knowledge in the field of computer science.

As we look ahead to the future, I am confident that the Department of Computer Science will continue to uphold its tradition of excellence and innovation. Together, we will strive to push the boundaries of knowledge, inspire creativity, and empower our students to make a meaningful impact on society.

On behalf of the entire college community, I extend my heartfelt appreciation to the Department of Computer Science for their outstanding contributions and dedication to academic excellence. Your hard work and dedication have truly made a difference in the lives of our students, and for that, we are immensely grateful.

Dr.S.Soundararajan

Vice-Principal

To express my heartfelt appreciation to the Department of Computer Science for their outstanding contributions and unwavering dedication to our academic community. As the Head of the Department, and a proud member of this esteemed group, I am privileged to witness the remarkable efforts put forth by each member of our department.

Over the past year, our department has organized numerous technical events that have not only enriched the academic experience of our students but have also provided them with invaluable practical knowledge and skills. From coding competitions to hackathons, workshops, and seminars, these events have served as platforms for our students to explore their passions, expand their horizons, and develop essential competencies in the ever-evolving field of computer science.

In addition to these technical events, I am deeply appreciative of the department's dedication towards placements. Through career fairs, networking events, and industry collaborations, we have worked tirelessly to connect our students with promising career opportunities in the tech industry.

I am particularly proud of the recent Technical Discussions organized for our IV Year Value Added Course, covering essential subjects such as C, C++, Java, Python, SQL, Data Structures, and more. These discussions, along with insightful Research Talks, exemplify our department's commitment to providing a comprehensive and well-rounded education to our students. Your dedication to their academic and professional development is inspiring and serves as a testament to the excellence that defines our department.

In closing, I wish to extend my sincere gratitude to the entire Department of Computer Science for their outstanding contributions and commitment to excellence. Together, we will continue to strive for academic excellence, innovation, and student success.

Dr.V.P Gladis Pushparthi
HOD-CSE

INSTITUTE VISION

To be a leader in imparting quality technical education, research & enterprising skills in pursuit of professional excellence.

INSTITUTE MISSION

- **To promote quality education & technical skills to meet the industry requirements.**
- **To incorporate team work, leadership skills & lifelong learning.**
- **To facilitate career development & higher education assistance.**
- **To encourage innovative ideas for research & development and entrepreneurship for societal needs.**
- **To inculcate ethical responsibility & human values.**

VISION OF THE DEPARTMENT

To Create Successful Engineers with Technical Competency and Innovative Ideas in The Field of Computer Science and Engineering.

MISSION OF THE DEPARTMENT

- To achieve academic excellence through effective teaching-learning process to meet the demands of the industry.**
- **To equip students to face the challenges in the field of Computer Science and Engineering and prepare them as responsible engineers with human values.**
 - **To enrich students with required skills for employability, entrepreneurship and pursuing higher studies.**
 - **To encourage the students to implement innovative ideas for research and development.**

Program Outcomes (POs)

- 1. Engineering knowledge: Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems.**
- 2. Problem analysis: Identify, formulate, review research literature, and analyze complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.**
- 3. Design/development of solutions: Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.**
- 4. Conduct investigations of complex problems: Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions.**
- 5. Modern tool usage: Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modeling to complex engineering activities with an understanding of the limitations.**
- 6. The engineer and society: Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional engineering practice. Program Outcomes (POs)**

Program Outcomes (POs)

- 7. Environment and sustainability: Understand the impact of the professional engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.**
- 8. Ethics: Apply ethical principles and commit to professional ethics and responsibilities and norms of the engineering practice.**
- 9. Individual and team work: Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings.**
- 10. Communication: Communicate effectively on complex engineering activities with the engineering community and with society at large, such as, being community and with society at large, such as, being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions.**
- 11. Project management and finance: Demonstrate knowledge and understanding of the engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.**
- 12. Life-long learning: Recognize the need for, and have the preparation and ability to engage independent and life-long learning in the broadest context of technological change**

PROGRAM EDUCATIONAL OBJECTIVES (PEO's)

GRADUATES OF COMPUTER SCIENCE AND ENGINEERING PROGRAM WILL

- 1. Apply their technical competence in computer science to solve real world problems, with technical and people leadership.**
- 2. Conduct cutting edge research and develop solutions on problems of social relevance.**
- 3. Work in a business environment, exhibiting team skills, work ethics, adaptability and lifelong learning.**

PROGRAMME SPECIFIC OUTCOMES (PSO's)

GRADUATES OF BACHELOR OF COMPUTER SCIENCE AND ENGINEERING WILL HAVE THE ABILITY AND CAPABILITY TO

PSO1: Apply the acquired knowledge of Mathematics and Computer Science Engineering fundamentals to analyse, design and develop software products or projects.

PSO2: Identify and apply appropriate latest software tools to provide solutions for complex engineering problems.

Placement Aptitude Training

Place : Velammal Institute of Technology

Date : 23.08.2024 to 28.08.2024,

DESCRIPTION :

The Department of Placement and Training, along with the Department of Computer Science and Engineering, is organizing placement training sessions for III year CSE students. Training for III CSE A will be held from 23.08.2024 to 28.08.2024, with 59 students participating. Training for III CSE B is scheduled from 29.08.2024 to 02.09.2024, involving 54 students. The sessions will be handled by Mr. Eldo Mohan Ranjith from Ernakulam. He is a freelance trainer specializing in aptitude test training. These sessions aim to enhance students' employability and readiness for campus placements.

Seminar on “Effective use of TalentChek platform for Career Path

Place : Velammal Institute of Technology

Date : 12.09.2024

DESCRIPTION :

The Department of Computer Science and Engineering is organizing a seminar on the topic “Effective Use of TalentChek Platform for Career Path”. The seminar is scheduled for 12.09.2024 and will involve students from IV CSE A and B, with a total of 122 participants. The session will be conducted by Mr. Suresh Rangarajan, CEO of TalentChek. This seminar aims to guide students in effectively utilizing the TalentChek platform for career planning and development. It serves as a strategic initiative by the department to enhance students' career awareness, placement preparedness, and overall industry readiness.

Seminar on “Importance of Entrepreneurial skill and its Development

Place : Velammal Institute of Technology

Date : 12.09.2024

DESCRIPTION :

The Department of Computer Science and Engineering is organizing a seminar on “Importance of Entrepreneurial Skill and Its Development” on 12.09.2024. The event is intended for III year CSE students from sections A, B, and C, with a total of 166 participants. The session will be led by Mr. Rajesh Parthasarathy, Global Sales Head of TalentChek. This seminar aims to highlight the significance of entrepreneurship and equip students with insights into developing entrepreneurial mindsets and skills. It is a key initiative to inspire innovation, leadership, and self-driven career paths among engineering students, aligning with the department’s mission to foster holistic professional development.

One day online workshop “Generative AI by Adobe for classroom and Businesses”

Place : Velammal Institute of Technology

Date : 13.09.2024

DESCRIPTION :

The Department of Computer Science and Engineering organized a one-day online workshop on “Generative AI by Adobe for Classroom and Businesses” on 13.09.2024. The workshop was conducted for IV year CSE A and B students, with a total of 122 participants. The session was led by Dr.PrernaAjmani, Senior Assistant Professor, Vivekananda Institute of Professional Studies TC, New Delhi. The objective of the workshop was to introduce students to generative AI technologies developed by Adobe and explore their practical applications in academic and business contexts. This initiative is part of the department’s efforts to enhance students’ exposure to cutting-edge technologies and improve their industry readiness.

"Generative AI by Adobe for classroom or Businesses"

Resource Person

Date : 13-09-2024

Time : 1:30 pm to 3:15 pm

Venue: 1st Floor Seminar Hall

Industrial Visit

Place : Velammal Institute of Technology

Date : 16.09.2024 and 18.09.2024

DESCRIPTION :

The Department of Computer Science and Engineering organized an industrial visit to Tidel Park, Tharamani, Chennai on 16.09.2024 and 18.09.2024. The visit was arranged for III year CSE students from sections A, B, and C, with a total of 166 participants. Tidel Park, being one of the largest IT parks in Asia, provided students with valuable exposure to real-world IT operations, corporate environments, and technological infrastructure. The visit aimed to bridge the gap between academic learning and industry practices, enhancing students' understanding of the IT industry's work culture, emerging technologies, and career opportunities. This initiative aligns with the department's commitment to promoting experiential learning and preparing students for future professional roles.

MOU

Place : Velammal Institute of Technology

Date : 25.09.2024

DESCRIPTION :

The Department of Computer Science and Engineering organized the signing of a Memorandum of Understanding (MoU) with Talent Factori Private Limited on 25.09.2024. This collaboration involved the active participation of CSE faculty members and is aimed at fostering mutual cooperation in areas such as skill development, industry-based training, student internships, and research opportunities. The MoU signifies a strategic step toward strengthening industry-academia collaboration, enhancing faculty exposure to emerging technologies, and providing students with access to practical learning platforms. This partnership is expected to support the department's mission of equipping students with industry-relevant skills and promoting innovation-driven education.

DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

Welcomes you all !

for the signing ceremony

Memorandum Of Understanding (MoU)

RED HAT Technical Seminar

Place : Velammal Institute of Technology

Date : 27.09.2024

DESCRIPTION :

The Department of Computer Science and Engineering organized a RED HAT Technical Seminar on 27.09.2024 for II year CSE students from sections A, B, C, and D, with a total of 239 participants. The seminar was delivered by Mr. Sridhar Jayaraman from Global Learning Services, Red Hat. The session focused on introducing students to open-source technologies, Linux-based systems, and cloud infrastructure, highlighting Red Hat's role in enterprise IT solutions. The seminar aimed to build a strong foundational understanding of Red Hat technologies, foster student interest in certification programs, and align academic learning with industry standards. This initiative supports the department's goal of equipping students with practical skills and awareness of global technology platforms.

Mock Interview

Place : Velammal Institute of Technology

Date : 28.09.2024

DESCRIPTION :

The Department of Computer Science and Engineering organized a Mock Interview session on 28.09.2024 for IV year students. The session was conducted by alumni of Velammal Institute of Technology, who are currently placed in reputed companies. The objective of the mock interview was to simulate real placement scenarios, helping students gain confidence, improve communication skills, and receive constructive feedback on their technical and HR interview performance. The alumni shared valuable insights from their own placement experiences, providing guidance on current industry expectations, resume preparation, and interview strategies. This initiative aimed to enhance the placement readiness of students and bridge the gap between academic learning and corporate expectations.

MoU

Place : Velammal Institute of Technology

Date : 07.10.2024

DESCRIPTION :

The Department of Computer Science and Engineering organized the signing of a Memorandum of Understanding (MoU) with Audaz Ventures Pvt. Ltd. on 07.10.2024. This MoU involved CSE faculty members and aims to promote collaboration in areas such as student internships, industry-based projects, faculty development, and research partnerships. The agreement seeks to provide students with exposure to entrepreneurial ventures, start-up ecosystems, and innovative business models, while also strengthening the department's industry ties. This partnership will offer faculty members the opportunity to engage in industry-relevant research, facilitating the integration of practical, real-world knowledge into the curriculum. The MoU is in line with the department's objectives of enhancing academic-industry collaboration and fostering innovative thinking among students and faculty.

ATAL FDP

Place : Velammal Institute of Technology

Date : 13.09.2024

DESCRIPTION :

The Department of Computer Science and Engineering organized an AICTE sponsored ATAL Faculty Development Programme (FDP) on the topic “Advanced Research Trends for New Business/Startups”. The programme starts between 14.10.2024 and from 11.11.2024 to 15.11.2024. The programme was attended by both internal and external faculty members. The FDP aimed to provide participants with in-depth knowledge on advanced research trends, entrepreneurship, and start-up innovations, with a particular focus on business incubation and industry-specific research trends. The programme included interactive sessions with experts from diverse fields, including entrepreneurship, incubation, and government initiatives, helping participants better understand the process of nurturing and growing start-up ventures. This initiative aligns with the department’s commitment to promoting innovation, entrepreneurial thinking, and research collaboration, contributing to the academic and professional development of faculty members.

One-Day Workshop on Full-Stack Web Development

Place : Velammal Institute of Technology

Date : 22.10.2024

DESCRIPTION :

The Department of Computer Science and Engineering organized a One-Day Workshop on Full-Stack Web Development on 22.10.2024 for IV year CSE A and B students, with a total of 122 participants. The workshop was conducted by Mr. S.K. Sanjay Raj, Managing Director of ReccsarPvt. Ltd., Madurai. The session focused on providing students with hands-on training and exposure to the concepts of full-stack web development, covering both front-end and back-end technologies. The workshop aimed to equip students with the practical skills needed to build dynamic and responsive web applications, preparing them for industry demands and improving their technical competencies in web development. This initiative is aligned with the department's goal of enhancing students' technical skills and industry readiness in an ever-evolving digital landscape.

Guest Lecture on CS3352 - Foundation of Data Science

Place : Velammal Institute of Technology

Date : 25.10.2024

DESCRIPTION :

The Department of Computer Science and Engineering organized a Guest Lecture on CS3352 – Foundation of Data Science on 25.10.2024 for II year CSE students from sections A, B, C, and D, with a total of 239 participants. The lecture was delivered by Dr. Balachander K, Associate Professor at RMK College of Engineering and Technology, RSM Nagar, Gummidipoondi Taluk, Puduvoyal, Thiruvallur, Tamil Nadu. The session focused on providing an in-depth understanding of the foundational concepts of data science, including data manipulation, data visualization, and the basics of machine learning. The guest lecture aimed to enhance students' knowledge and interest in the field of data science and analytics, which is crucial for future careers in AI, machine learning, and big data technologies. This initiative is aligned with the department's objective to introduce students to core concepts in emerging fields and provide insights from academic experts to deepen their academic and professional competencies.

Idea Hackathon 2024

Place : Velammal Institute of Technology

Date : 24.11.2024

DESCRIPTION :

The Department of Computer Science and Engineering organized the Idea Hackathon 2024 on 24.11.2024. The event was open to both internal and external college students, providing a platform for students to present their innovative ideas and solutions. The hackathon was mentored by Mr. R. Rangarajan, Ex-IAS, CA, CMA, and Associate Director at Officers IAS Academy, Chennai. The primary objective of the event was to encourage students to think creatively and apply their technical skills to solve real-world problems. Students participated in teams, working on ideation, prototype development, and solution presentation. The hackathon also served as an opportunity for students to interact with industry mentors and gain insights into the entrepreneurial process, problem-solving approaches, and the importance of innovation in shaping future technologies. This event aligns with the department's goal of promoting creativity, entrepreneurship, and collaborative learning among students.
