REPORT

The Industrial Visit was held on 24.04.2025. The faculty members Mr.Dinesh Kumar,Mrs.Abirami coordinated this industrial visit.We reached ASKAN TECHNOLOGIES at 11:00 am .An Industrial Visit to ASKAN TECHNOLOGIES covered a wide range of topics in the areas such as Custom Application Development, Web Design and Development, Mobile App Development, Web Speed Optimization, and Digital Marketing

After visiting of the ASKAN TECHNOLOGIES , we toured different sections of the company and observed the work processes closely. The development team demonstrated how custom software applications are designed to meet specific client requirements, highlighting the importance of understanding user needs and employing agile methodologies.

Apart from technical exposure, the company organized a special session on resume building and placement preparation. An important highlight of the visit was the introduction to Ulamart, a project developed by Askan Technologies. Ulamart is an online store and IT platform that focuses on offering organic and healthy products sourced directly from farmers.Their dedication, Passion and Willingness to share their knowledge have provided valuable insights into the challenges and opportunities in this field and we returned to college at 5:00 pm in the afternoon.
